

475D-PH1-1

1/4" Diamond Bit, PH1, 25 mm, Box
5 Pcs

PRODUCT DETAILS

- For Phillips head screws
- 1/4" hex drive
- Suitable for power tools. High performance in any application
- Bright copper plating and diamond coating on bit tip
- This special coating ensures a firm grip between the bit and the screw, reducing the cam-out effect
- High performance alloy steel
- Torsion zone absorbs torque peaks to avoid premature wear and extend service life
- Available in plastic box of 5 pieces
- DIN 3126 and ISO 1173 Style C 6.3
